2. FAA Reauthorization Act will bring changes for us in 2019.

- The bill as signed into law reinstates the FAA UAS pilot registration requirement. Go to <https://faadronezone.faa.gov> for more details.
- The bill also adds new requirements for us that will be finalized in 2019. (knowledge test, remote identification of models, etc.)
 - AMA is working with the FAA on these requirements and will communicate as they are finalized. Go to www.modelaircraft.org/about-ama/advocacy for updates.

Show & Tell:
