## Meeting Minutes

October 23rd, 2018

**Meeting Time:** The KRCA meeting was called to order at 6:40pm

**Attendance:** 5 members present

Minutes of the previous meeting were voted on and accepted as published.

**Treasurer's Report:** The Treasurer's report was read and accepted.

### Flying Field updates:

#### 1. JB Sod field:

- The October 6<sup>th</sup> workday was a success.
  - Gate posts on the road relocated, pit area rearranged & cleaned up. Thanks to all who helped.

#### 2. Mt. Angel Field

- The September 29<sup>th</sup> workday had disappointing attendance.
  - The field is seeded and grass is growing.
  - Will evaluate the conditions over the winter months and work on the field when able. Stay tuned for dates and times when we will be able to accomplish more.

### Old Business:

#### 1. FAA Reauthorization Act was signed into law.

- The new legislation significantly modifies the Section 336 protections for model aircraft. AMA is working with the FAA to guide the new regulations.
- Changes will be coming in the next year, and will be communicated by the AMA as they are rolled out. <https://amablog.modelaircraft.org/amagov/>

## New Business:

1. 2019 Officer Elections
  - There were no volunteers or nominations for officers.
  - If there are no volunteers or nominations before the December meeting, the current board members have agreed to serve in their same positions for 2019.
2. Field Security
  - Some concerns have been raised about security of the JB Sod flying field. Several reports of stolen items dumped near the porta-potty and one instance of a stolen car abandoned in the parking area.
  - Please keep your eyes open for any questionable activity at the field. "If you see something, say something." Call the Sherriff if necessary.
  - Bob will approach JB Sod about ways to improve security for both the club and the sod farm. Suggestions included installing an additional locked gate near the paved road and placing a lock on the porta-potty (lock codes would be made available to all club members).
3. David Novotny and his 3D Printed Corsair were featured in Model Airplane News. Congratulations David!

## Calendar

NO MEETING IN NOVEMBER!!!! Happy Thanksgiving!

Next meeting will be Tuesday December 18<sup>th</sup> @ 6:30pm.

1. Tentatively, we will be at Eric's house. Watch for reminders and updates to the location.
2. Suggestions for public meeting locations or quiet restaurants with room for the club are welcome.

Meeting was adjourned at 7:10pm
