Business Discussed: An update was provided on the current work being done at the Mt Angel Field. The watering system will be installed this next month and 3 excess tables will be moved there from the JB field.

The JB field was discussed. It was agreed based on all the difficulties we were having with our current mower that a new one should be purchased. A motion was made and approved to authorize \$500 for the purchase of a used mower. It was also discussed that we would seek voluntary donations from club members if the mower exceeded this price limit.

A big thanks to Jerry and Don was discussed based on all of their recent JB Field work.
