

Keizer Radio Control Association

Meeting Minutes

September 17th, 2019

Meeting Time: The KRCA meeting was called to order at 6:34pm

Attendance: 8 members present

Minutes of the previous meeting were voted on and accepted as published.

Officer's Reports:

President: On vacation.

Vice President: 3 KRCA logo hats left, contact Jerry if you would like one.

Treasurer: The Treasurer's report was read and accepted.

Secretary: No report

Safety Officer: Vacant position. JB Sod still has workers and equipment on the field – Be alert and follow the alternate North traffic pattern when workers are near the regular flight pattern.

Membership: Open position. 26 current club members.

Webmaster: No report.

Old Business:

1. Storage container re-paint
 - Thanks to Mike Hales, PPG Industrial has donated paint!
 - Painting will be on hold until spring, for better weather and after the container is moved to the Holden/Bevens field.
2. Holden / Bevens Field (formerly Mt. Angel/Holden Farms field) update:
 - Workday scheduled for September 28th at the field to do minor work on the sprinkler system and layout locations for club storage container, windsocks, Holden's flag pole, runway matting, and bleachers.
 - Stay tuned for work day times and project lists as the dates approach.

New Business:

1. JB Sod Field decommissioning
 - JB Sod has notified us that we will no longer be able to fly at the JB Sod field effective January 2nd, 2020.
 - We still plan to hold our "Polar Bear Fun-Fly" on January 1st, however that will be the last day of flying at that field.
 - The final move of our equipment to the Holden/Bevens field will begin January 2nd.

Keizer Radio Control Association

2. In preparation for the final move to the new field, Jerry has provided an aerial photo of the Holden/Bevens field to help everyone decide how we would like to arrange our equipment at the new field.
 - The photo is attached to these minutes and will also be emailed to all members.
 - We need suggested locations for the following items to be moved from the JB Sod location:
 - Storage Container
 - Bleachers
 - Wind Socks (we have two, if two locations are desired)
 - Runway matting (A portion of the runway can be covered with the black fabric matting like we have at the JB Sod location)
 - Flag Pole to be provided by Holden Nurseries
 - Parking areas, both primary and overflow.
 - Desired adjustments to the pilot stations and pit area.
 - Please mark out your ideas on the photo and bring them to the work day, the next meeting, or send them to an officer.
 - We will begin to mark out desired locations and coordinate with Holden Nurseries to be ready for the end of the year.

Next meeting will be Tuesday October 15th @ 6:30pm, at JC's Pizza in Keizer. Bring something for show and tell!

Meeting was adjourned at 7:40pm

Rob Heap
Secretary
